To: Lyle D. Jaffe,
Docket Management Branch, FDA
Rockville, MD 20857

Dear Mr. Jaffe:

The forced molting of hens used in egg production is cruel to birds and increases the spread of Salmonella enteritidis infection to people. Please grant petition # 98P-0203/CP that would eliminate this practice. Please let me know what else you will be doing to stop this. Looking forward to your kind reply.

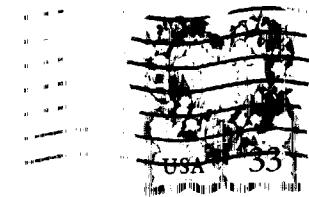

Yours sincerely

C. Rothholz
